The 8th Saturday Workshop and the final workshop for our Cohort 1 teachers was held in person at George Mason University Fairfax campus on May 4th. Our very own Cohort 1 teachers presented the research that they have been working on through the ACE-STEM program. The workshop was joined by our Cohort 2 teachers, who helped to celebrate the achievements of our Cohort 1 teachers.

Congrats to our Cohort 1!

Congratulations to our Cohort 1 teachers for reaching the end of the ACE-STEM program! Over the past two years, our Cohort 1 teachers expanded their knowledge and worked together to create a positive environment for professional development. We are so proud of everything you have accomplished.
